

We invite full-time civil engineering students and related disciplines eg urban planning, design and surveying to join us for the duration of their university studies.

Connect with industry

- ✓ Gain access to state-wide industry networks.
- ✓ Exclusive student offers to attend conferences and events.
- ✓ Meet us at university engagement programs and initiatives.
- ✓ Free monthly newsletters covering industry news, articles and job opportunities.

Improve your employability

- ✓ Free IPWEAQ employability kit upon joining.
- ✓ Student offers for dedicated professional development opportunities.
- ✓ Be selected to participate in the prestigious 'Futures Challenge' and present your thesis in front of industry professionals.

Grow your engineering knowledge

- ✓ Access industry papers, videos, articles and presentations online through the globally recognised IPWEAQ Knowledge Centre.
- ✓ Receive our quarterly journal valued for its technical and industry-relevant content.
- ✓ Opportunities to author student feature articles.

Be involved in our community programs

- ✓ Become a student facilitator for Dream Big Australia to encourage high school students to consider an engineering career. Receive training and favourable resume comments.
- ✓ Support our President's Charity Rural Aid Australia with numerous initiatives.
- ✓ Volunteer to renovate a town with Rural Aid 10Towns project.
